

Estolight

REVEAL YOUR BEST LIGHT

Estolight

EstoLight is an innovative technology of bio-based polymers derived from vegetable oils, patented by ITERG, designed to improve the performance and sensoriality of your cosmetic and personal care formulations.

ESTOLIGHT-1E

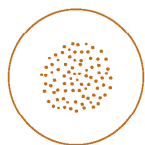

Methylpolyricinoleate

A versatile liquid solution suitable for cold processes.

ESTOLIGHT-1AH

Polyhydroxystearic acid

To optimize the dispersion and performance of your formulations.

DISPERSION

Improved dispersion of pigments.

STABILITY

Better maintain of pigments in suspension.

SENSORIALITY

Fluid and pleasant textures, easy to apply.

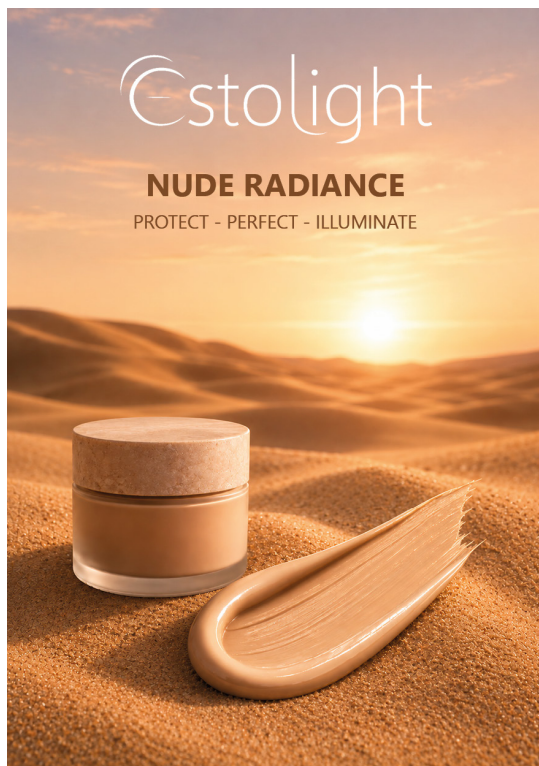

NATURALITY

A bio-based technology from vegetable oils.

One technology, infinite expressions of light.

4 EXPRESSIONS OF LIGHT

NUDE RADIANCE
Protect, Perfect, Illuminate

AFTER SUN
Refresh, Hydrate, Soothe

HAIR REFLECTION
Reflect, Lightweight, Shine

HIGHLIGHTER
Energize, Radiate, Illuminate

Estolight

ONE TECHNOLOGY, INFINITE EXPRESSIONS OF LIGHT
